

Expertise:
eClinicalWorks

Lori Mohr **Managing Consultant**

Lori Mohr has 13+ years' experience in healthcare. Lori has extensive experience evaluating existing EHR processes to implement continuous improvements and standardize operating procedures to maximize efficiency and accuracy. She is well versed in project management, quality programs, EHR implementation, practice onboarding, conducting system testing, and providing comprehensive training. Before moving her career emphasis to EHR systems, Lori was focused on healthcare operations, medical coding, and allied health instruction.

Lori is currently an EHR Managing Consultant at Medical Advantage. In this role, she leads consultants and organizations in implementing, upgrading, and optimizing eClinicalWorks. eBO custom reporting, database analysis, workflow analysis and customization are among her many strengths. One of her most rewarding responsibilities in this job is helping organizations meet their MIPS, UDS, and other quality program goals with optimization and training. Since joining Medical Advantage, Lori has helped her clients including FQHC, small, and large organizations reach and exceed their goals.

Lori has obtained eClinicalWorks Train the Trainer certification for both EMR and PM. She has completed eClinicalWorks advanced eBO report writing. To better serve the needs of her clients, Lori spends time on studying emerging technology, keeping abreast of industry trends, and continuing her education. With a strong clinical background, Lori earned a Bachelor of Science in Business Management from Indiana Wesleyan University.
