

Members (CEOs, CMOs, CFOs, COOs), Three quick items for you today – we'll continue to send information as we get it. Please let us know of any questions. Thank you,

Louise

- ***New Vaccination Sites:*** the City of LA is now offering vaccinations to health care workers at three sites, by appointment, starting today. If you're still waiting to get your vaccines, or unable to vaccinate your staff, you can send your high and medium risk staff to one of these sites. Information below.
- ***Webinar Slides:*** attached are the slides from yesterday's webinar with DPH. The webinar recording will be posted soon.
- ***MediCal Reimbursement:*** DHCS is now accepting claims for reimbursement for vaccine administration to MediCal enrollees (more relevant for when vaccines open to patients, but good to know in case any health care workers are on MediCal). Click [here](#) for the article.

City Vaccination Sites

The Los Angeles County Department of Public Health in coordination with the City of Los Angeles and Los Angeles City Fire is opening up COVID-19 vaccinations with Moderna vaccine for certain types of healthcare workers. Healthcare workers at high and medium risk who work in these settings can [make an appointment](#) to be vaccinated now (note the first appointment is today, 12/30/20):

- Home Health Care Services
- Federally Qualified Health Clinics (FQHCs)
- Infusion Centers
- Oncology Centers

To determine your vaccination eligibility at this time and to schedule a vaccination appointment, please visit the LA County Department of Public Health website [COVID-19 Vaccination for Healthcare Workers](#).

In order to be vaccinated, you must bring **one** of the 4 **sets** of documentation listed below to your appointment.

- HCW employee badge with photo
- Professional license **AND** a photo ID
- Signed letter from employer on facility letterhead **AND** a photo ID
- Payment stub from healthcare provider with your name **AND** a photo ID

[Sign-up for email updates](#) to learn when vaccines are being offered to new groups of healthcare workers and when more vaccine appointments become available. **Please note that the scheduling system works better with Google Chrome.**
