2018 Achievements
The Community Clinic Association of Los Angeles County (CCALAC) and our members share a common mission of expanding access to quality comprehensive health care for every individual. Below are some of the recent accomplishments that advance our mission.

CONVENER

- 343 primary care, mental health, and substance use disorder providers participated in regional integration summits
- 450 health professionals and supporters at the annual health care symposium
- 114 partners from community-based organizations educated on public charge
- 112 clinic representatives activated to educate
- 49 elected officials and their staff
- 100 Enrollers at the Outreach and Retention Summit

LEADER of Quality

- $2.8 million saved by Health Center Controlled Network (HCCN) health centers through technical assistance efforts
- 98% of HCCN health centers received Quality Improvement (QI) awards

CHAMPION of Workforce Development

- 14,500 hospital encounters prevented through practice transformation
- 147,200 lives improved through clinical quality measure (CQM) improvement
- 985 residents, graduating physician assistants and nurse practitioners, dentists, and job seekers received direct outreach from CCALAC
- 1,027 clinic staff trained in person with 6,245 training hours
- 3,776 clinic staff completed 34,119 hours of online training
