

# Mission

CCALAC empowers health centers to remain at the forefront of health care transformation.

We forge partnerships, foster innovation, promote health equity, and advocate for the communities they serve.

# Vision

We envision a just and equitable Los Angeles, where all communities have the opportunity to flourish, free from health disparities and the factors that create them.

# Core Values

- Partnership** Cultivating relationships that leverage resources and elevate the collective voice of our members.
- Innovation** Striving to enhance member and patient outcomes through creative and effective solutions.
- Integrity** Building trust through transparency and a commitment to act in the best interest of our members and the communities they serve.
- Service** Supporting our members through responsive advocacy, programs, and resources.
- Equity** Fostering a culture of empathy, open mindedness, and inclusiveness.
