

Relias Assessments

The Gold Standard for Acute Hospitals and Health Systems

Relias Assessments Catalog for Acute

Assess clinical competency at different stages of the professional journey. This highly reliable solution gauges job fit based on clinical, behavior, and situational assessments. When combined, these assessments show strong correlation to on-the-job performance and eventually, sustainability in a chosen role. Relias Assessments has both content and criterion validity, and they follow DOL and EEOC guidelines.

CLINICAL ASSESSMENTS

Validated clinical exams that measure clinical job knowledge relevant to specific practice areas.
