Why Choose Cross Country Workforce Solutions Group?

Cross Country Workforce Solutions Group is an industry leader in providing cost-effective labor management of contract staff. We strategically address the specific financial and operating inefficiencies of the clients we serve. Our results have helped increase the quality of care at the bedside, while reducing our clients' labor costs.

- We are subject matter experts with over a decade of experience servicing FQHC and CHC programs.
- We are community-focused with a national reach. We believe all communities should have access to high-quality, comprehensive healthcare that is culturally and linguistically competent, community directed, and patient centered for all.
- We are members of the National Association of Community Health Centers (NACHC).
- Our turnkey business solutions address complex challenges and satisfy Joint Commission compliance requirements.
- We offer customized solutions implemented and integrated directly into your business to reach your desired outcome and KPIs.
- We are a collaborative and trusted partner to help align your business and workforce strategies.
- We positively impact patient outcomes by ensuring staffing levels are consistent with patient census and enrollment.

“We are so appreciative of the entire CCWSG team for their partnership, resources, kindness, and support. We could not do this without them. We are so grateful for everything they do for us at San Ysidro Health.”
