**Trauma Informed Care Program Manager  
Los Angeles, CA**

Take the next step in your career and join the Eisner community healthcare team! Founded in 1920, Eisner Health provides high-quality, integrated community healthcare to the underserved population in Downtown Los Angeles, Lynwood, Van Nuys, Panorama City, and Sherman Oaks. As one of the largest providers of accessible, free, or low-cost health and social services in the area, Eisner Health offers a wide variety of opportunities from which to choose. So don't delay, we are waiting to hear from you!

**Quick Facts:**

Do you believe in the importance of providing health care through a trauma-informed lens? Are you looking for a challenging and rewarding position to take advantage of your organizational and project management skills in an integrated community health setting? Eisner Health is looking for a Behavioral Health Program Manager to join its team! A qualified candidate must be a behavioral health professional, practiced in program management with an affinity for staff development and training. This role includes, but is not limited to the following;

- Implements and advances trauma-informed care across the agency's multiple clinic locations.
- Provides oversight and assists in setting up and conducting training programs, planning meetings, writing manuals of procedures, developing policy, and carrying out evaluation with fidelity to the trauma-informed care model.
- Opportunity to provide individual, family, and/or group psychotherapy.
- Collaborates with staff for systems development by working with IT to ensure the electronic health record system meets behavioral health program needs; data is entered accurately into the system; and that system produces data and reports efficiently. Collaborates with facilities to ensure space is optimized for trauma informed care.

**Requirements and Qualifications**

- Waivered or degreed professional with experience in clinical and organizational development.
- 3-5 years' experience working in a community health center or a behavioral health clinic/center.
- Experience working within the trauma-informed care model.
- Experience in program planning and implementation, systems development, accountability, and evaluation.
- Demonstrated leadership ability, ability to work collaboratively with staff and peers, excellent organizational ability, and proven ability as an effective conference teacher and supervisor.
- Bilingual in English/Spanish preferred (necessary for direct clinical care).
- Experience with electronic health record system.
- Ability to travel to all sites and trainings as needed.

In addition to competitive salaries, Eisner offers employees working 32 hours or more per week the following benefits:

- Medical, Dental, and Vision Insurance
- Employer-Sponsored Group Life and Accident Insurance
- Voluntary Supplemental Insurance
- Retirement Plan – 401k
- Employer-Sponsored Long-term and Voluntary Short-term Disability Programs
- Transportation and Parking Subsidies
- Flexible Spending Health and Child Care Plans - Section 125
- Robust Paid Time Off (PTO) Program
- Educational Tuition and CME Reimbursement available to those who qualify
- Employee Assistance Program (EAP)
