

APLA Health's mission is to achieve health care equity and promote well-being for the LGBT and other underserved communities and people living with and affected by HIV. We are a nonprofit, federally qualified health center serving more than 14,000 people annually. We provide 20 different services from 15 locations throughout Los Angeles County, including: medical, dental, and behavioral health care; PrEP counseling and management; health education and HIV prevention; and STD screening and treatment. For people living with HIV, we offer housing support; benefits counseling; home health care; and the Vance North Necessities of Life Program food pantries; among several other critically needed services. Additionally, we are leaders in advocating for policy and legislation that positively impacts the LGBT and HIV communities, provide capacity-building assistance to health departments across the country, and conduct community-based research on issues affecting the communities we serve. POSITION SUMMARY:

Under the direct supervision of the RN Medical Care Manager, The MCC Patient MCC Case Worker (MCC CW) will facilitate behavioral interventions and coordinate support services to promote improved health outcomes for persons living with HIV/AIDS (PLWHA).

ESSENTIAL DUTIES AND RESPONSIBILITIES:

- Assist in the coordination and delivery of patient-centered activities that focus on addressing health status, adherence to HIV medications, and HIV risk reduction.
- Assess a patient's socioeconomic needs.
- Connect patients to services that assist with resolving socioeconomic challenges.
- Assist the medical care manager (MCM) and the patient care manager (PCM) with patient monitoring, following up service linkages.
- Assist the MCM and PCM in updating care plan results, following-up with patients and tracking outcomes.
- Act as the liaison between HIV Counseling and Testing sites and the medical clinic to ensure that new patients are enrolled in medical care seamlessly and in a timely fashion.
- Enters and maintains program data, including clinical documentation and reporting forms.
- Track and report patient service delivery data using Casewatch in a timely manner and prepare other demographic and statistical reports as required by the funding agency and Program Manager.
- Provide limited treatment adherence counseling during routine follow up encounters with patients. This may include resolving socioeconomic barriers to HIV treatment access and adherence or discussing strategies that may help a forgetful patient to remember to take their HIV medication.
- Provide HIV education, inclusive of treatment education.
- Enter progress notes in client-level database systems regarding disposition of clients, referrals, changes of address, telephone information, case manager assignment, etc.
- Assure client confidentiality as defined by APLA policy and procedures.
- Contact appropriate professionals to assist in the determination of need and/or eligibility for services.
- Monitor referrals and follow-up on those requiring additional advocacy.
- Attend care coordination meetings.
- Attend regularly scheduled staff meetings to review and evaluate program services, and make recommendations for program improvement.
- Attend regularly scheduled in-services, as well as outside conferences, and workshops to expand capacity to meet program goals and objectives.
- Provide written and statistical reports as needed.
