

APLA Health's mission is to achieve health care equity and promote well-being for the LGBT and other underserved communities and people living with and affected by HIV. We are a nonprofit, federally qualified health center serving more than 14,000 people annually. We provide 20 different services from 15 locations throughout Los Angeles County, including: medical, dental, and behavioral health care; PrEP counseling and management; health education and HIV prevention; and STD screening and treatment. For people living with HIV, we offer housing support; benefits counseling; home health care; and the Vance North Necessities of Life Program food pantries; among several other critically needed services. Additionally, we are leaders in advocating for policy and legislation that positively impacts the LGBT and HIV communities, provide capacity-building assistance to health departments across the country, and conduct community-based research on issues affecting the communities we serve. For more information, please visit us at aplahealth.org.

POSITION SUMMARY:

Under the supervision of the Clinical Nurse Manager II, the Registered Nurse will provide culturally competent medical health services to low-income individuals in Los Angeles County, with a specific focus on the LGBT community.

The Registered Nurse will assure quality and cost-effective care for clinic patients, and will manage a patient's course of treatment, and coordinate care with providers and other clinical support staff to ensure quality patient outcomes are achieved within established time frames with efficient utilization of resources. In addition, the Registered Nurse will work closely with the Medical Director and Nursing Supervisor to design, implement and monitor workflow processes throughout all APLA Health sites as it pertains to patient centered medical home (PCMH) implementation. This position is primarily clinical.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

- Provide clinical support to medical providers before and after primary care visits so as to ensure the timely delivery of quality medical care.
- Interface with medical assistants to ensure patients receive specialty referrals in a timely manner and are able to follow through so as not to interrupt patient care.
- Treat patients diagnosed with sexually transmitted infections (STIs) in a timely manner and according to APLAHW clinical STI treatment guidelines.
- Administer vaccines to patients per APLAHW clinical guidelines.
- Provide and appropriately document health education to patients.
- Participate in quality improvement activities as directed by the medical director, e.g. data analysis and measurement of outcomes, document and report the results and accomplishments of quality improvement initiatives.
- Triage patients who walk in to clinic or call with acute medical concerns.
- Assist front office staff in making appropriate arrangements for patients who arrive late for appointments or for whom an appointment needs to be rescheduled, by reviewing the medical record and determining how soon and where the patient should be seen.
- Provide guidance for the clinic LVN and MAs by overseeing the front and back office staff with the aim of maintaining efficiency, professional demeanor and courtesy toward patients. This may include serving as back up for the front and back office when needed.
- Assist in the clinic transformation to a patient centered medical home (PCMH), in conjunction with the PCMH coordinator, medical director, chief operating office and clinical nurse manager.
- Maintain adequate medical supplies and medications for clinical areas by monitoring supplies and ordering supplies as needed. Ensure that exam rooms are fully stocked and prepared for patient care.
- Participate in chronic disease management for selected patients with special needs.
- Communicate lab results to patients.
- Assist patients in linkage to APLA services: benefits counseling, mental health, case management, dental etc.

- Serve as first filter to eCW patient portal, answering when appropriate within his or her scope. Forward to appropriate provider when indicated.

OTHER DUTIES MAY BE ASSIGNED TO MEET BUSINESS NEEDS.

REQUIREMENTS:

Training and Experience:

A valid California Registered Nurse (RN) license issued by the California Board of Registered Nursing (BRN). Current Basic Cardiac Life Support (BCLS) and Cardiopulmonary Resuscitation (CPR) certification. Clinical experience as a registered nurse in an ambulatory health care clinic, preferably at a federally qualified health center (FQHC). Experience working in patient-centered care teams preferred.

Must have problem solving and organizational skills in order to ensure a productive work environment and achievement of goals. Experience in chronic disease management, case management, utilization management and quality improvement projects are preferred. Experience in an HIV medical practice is preferred.

Knowledge of:
