

APLAHealth

APLA Health's mission is to achieve health care equity and promote well-being for the LGBT and other underserved communities and people living with and affected by HIV. We are a nonprofit, federally qualified health center serving more than 14,000 people annually. We provide 20 different services from 15 locations throughout Los Angeles County, including: medical, dental, and behavioral health care; PrEP counseling and management; health education and HIV prevention; and STD screening and treatment. For people living with HIV, we offer housing support; benefits counseling; home health care; and the Vance North Necessities of Life Program food pantries; among several other critically needed services. Additionally, we are leaders in advocating for policy and legislation that positively impacts the LGBT and HIV communities, provide capacity-building assistance to health departments across the country, and conduct community-based research on issues affecting the communities we serve. POSITION SUMMARY:

Under the direction of the Program Manager of Substance Use Programs, the Prevention Training Specialist, Substance Use Programs focuses on the recruitment of MSM who use methamphetamine into the APLA Health & Wellness' crystal methamphetamine program.

The Prevention Training Specialist assists in the implementation of strategies designed to educate persons who use/abuse crystal methamphetamine on methods of harm reduction. The Prevention Training Specialist also ensures that the program is coordinated with APLA Health & Wellness' harm reduction philosophy and larger health education goals. The outline of duties and responsibilities is below.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

- Recruit members of the target population into group level interventions focused on substance use harm-reduction and HIV and STD prevention.
- Implement contingency management, which includes the following: recruitment of participants via formal and informal outreach strategies, monitoring urine sample collection, recording of test results, distribution of incentives, and retention of participants throughout the intervention.
- Assist in the development and facilitation of in-person and virtual workshop/trainings to members of the target demographic, as well as organizations who would benefit from information on crystal methamphetamine use/abuse.
- Gather and update data for the Referral Network, which will provide target populations and other community stakeholders with links to HIV testing, STD screening/treatment, substance abuse intervention/treatment, and mental health services as well as other health education related areas.
- Work with stakeholders and community partners familiar with the needs of the target demographic to create a network of care opportunities that include, mental health providers, substance abuse counselors, treatment centers, advanced harm reduction programs, and linkage opportunities that will better the lives of persons using crystal methamphetamine.
- Coordinate the design and layout of promotional materials used in the marketing of program activities and offerings.
- Monitor, update, and sustain program visibility on social media platforms, specifically Facebook, Instagram, and YouTube.
- Assist in the dissemination of lessons learned by developing and submitting abstracts for presentations at professional meetings and local conferences and presenting at community forums.
- Ensure culturally and linguistically appropriate services.
- Supervise volunteers and peer health educators as necessary. Attend community/public meetings as necessary.
- Prepare quantitative and qualitative reports as assigned.

OTHER DUTIES MAY BE ASSIGNED TO MEET BUSINESS NEEDS.
