

CCALAC Allied Health Internship Program

The CCALAC Allied Health Internship Program will place up to 25 individuals in a paid 110-hour in-person internship at one of our member health centers within LA County. Internships will take place throughout the Spring and Summer of 2025. Prior to their internship, participants will participate in orientation plus two fundamental workshops. Interns receive \$1,500 stipend for completing the 110-hour requirement. At the end of the internship, allied health interns will receive a certificate of completion, and, depending on their internship site's needs, may receive a job offer!

Benefits of participation:

- \$1,500 stipend received for completion of the program
- Opportunity to learn about community health centers
- Opportunity to be hired full-time upon completion of internship, depending on internship site's needs
- Certificate awarded at end of program ceremony

Sponsored by the California Area Health Education Center (AHEC), Cedars-Sinai and Kaiser Permanente.
